

# Adjustable S-Tile Hook

**CHIKOUSA**  
RACKING MADE SIMPLE

Our Chiko Solar S-Tile Kit is made of SUS304 Stainless Steel. It is designed for use on curved S-Tile roofs. Our hook is installed under the existing roof by removing a tile and placing it back in its original place after the hook is secured to the underlying rafter. It does not require modification to the structure, maintaining the structure's integrity. Chiko guarantees a quick, easy installation with long lasting quality. Please follow the installation manual for proper installation

## Component List

## Qty

- |  |    |
|--|----|
| ▶ Stainless steel SUS 304 hook         | 01 |
| ▶ M8 Bolt                              | 01 |
